**Jakd** -

**Jakd Micro Fiber Cloths** sport high-performing wedge shaped split strands to remove dirt particles while protecting surfaces from ugly scratches. Superior to cotton and terry cloth, each Jakd fiber is split into 16 separate "microfi ber" strands and is several hundred times smaller than a strand of cotton. Jakd is highly absorbent, lint and streak-free, retains six times its weight in water and is machine washable up to 500 times. So there.
